Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.How to Teach the Research Report contains a step-by-step plan for teaching the research report. Teachers can begin teaching the steps for research report writing by modeling the research report with one-paragraph reports. The students can then practice the steps repeatedly until they have mastered this very complex skill. Now, with confidence, the students can practice writing five-paragraph research reports. Finally, transitioning to the three- to five-page research report is almost effortless as the students use the skills from the one- and five-paragraph reports to complete this task. This book contains three separate lesson plans; one for the one-paragraph report, one for the five-paragraph report; and one for the three- to five-page report. This means that elementary school teachers can spend all the time they need to teach the one-paragraph and five-paragraph research report. If their students are ready, they can attempt the longer report. Middle and high school teachers can quickly teach the first two lessons as a review and jump to the three- to five-page research report. This book is also perfect for home school parents...
