Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.John Burroughs was born April 3, 1837, in a little farmhouse among the Catskill Mountains. He was, like most other country boys, acquainted with all the hard work of farm life and enjoyed all the pleasures of the woods and streams. His family was poor, and he was forced at an early date to earn his own living, which he did by teaching school. At the age of twenty-five he chanced to read a volume of Audubon, and this proved the turning-point in his life, inspiring a new zeal for the study of birds and enabling him to see with keener eyes not only the birds themselves, but their nests and surroundings, and to hear with more discernment the peculiar calls and songs of each.
