University of Arizona Press, United States, 2001. Paperback. Book Condition: New. Reprint. 229 x 168 mm. Language: English . Brand New Book. Can nature be restored to a pristine state through deliberate action? Must the preservation of wilderness always subordinate the interests of humans to those of other species? Can indigenous peoples be entrusted with the guardianship of their own wild resources? This collection of international writings tackles tough questions like these as it expands wilderness conservation beyond its American roots. One of the first anthologies to consider wilderness as a global issue, it takes a stand against the notion that wilderness is a northern colonialist conceit and is irrelevant to the plans of third world countries. Contributions from all over the planet Nepal, Borneo, Brazil, Chile, Mexico, Papua New Guinea, Kenya, South Africa, India, and the United States show instead that wilderness has an important place in the environmental thought and policy of any nation, industrial or developing. **The World and the Wild** boldly advances the idea that our concept of wilderness must expand to take in new vistas. It breaks fresh ground in global environmentalism and is essential reading for anyone concerned with development issues related to conservation. ContentsForeword: Whither World Wilderness? / Vance G. MartinIntroduction: Wilderness in the Rest of the World / David RothenbergHow Can Four Trees Make a Jungle? / Pramod ParajuliThe Unpaintable West / Zeese PapanikolasRestoring Wilderness or Reclaiming Forests? / Sahotra SarkarFor Indian Wilderness / Philip Cafaro and Monish VermaIn the Dust of Kilimanjaro / David WesternWhy Conservation in the Tropics Is Failing / John Terborgh Trouble in Paradise : An Exchange / David Western and John TerborghZulu History / Ian PlayerBruno Manser and the Penan / William W.
