

Bookkeeping Using Excel or Google Sheets 2.ND Edition: How to Do Bookkeeping and Financial Reporting Using a Spreadsheet, Only a Spreadsheet, and Nothing But a Spreadsheet (Paperback)

By Martin Mosfeldt

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This text in a hundred pages explains how to make a bookkeeping and financial reporting system in Google Sheets or Microsoft Excel. It is the simpler, faster, and better 2.nd edition of a tried-and-tested double-entry system, whose 1.st edition was already smart, dependable, and easy to use. The text pragmatically and directly links accounting, ICT, and business management. It covers profit loss, balance sheet, cash flow, explanatory notes specifications, journal ledger, rolling fixed budget, group consolidation and KPI monitoring, system audit, error checking, data validation, and troubleshooting. The system features automated sales tax/VAT with multiple rates and withheld tax, IFRS/GAAP compliant currency accounting with daily spot rate lookup, multiple reporting entities with multiple banks and types of bills, and unique hard-to-get facilities like dynamic single-entry sub-accounting, spreadsheet formula integration, and reporting in other languages. The author is a senior businessperson with an MBA degree from Henley Business School, who owns and manages a portfolio of firms. The design is free from programming (VBA, scripts, macros.) and hard limit usage tiers (number of businesses, reports. accounts. records. currencies.).

Reviews

Absolutely essential go through publication. This can be for all who statte there was not a worthy of looking at. Its been printed in an remarkably basic way and it is just right after i finished reading this book through which in fact altered me, modify the way i think.

-- **Dr. Haskell Osinski**

This book might be worthy of a go through, and a lot better than other. it had been writtern really properly and helpful. You may like just how the author write this publication.

-- **Prof. Mattie Beatty**
