

Tangle Brain Tools Book. Second edition: Over 100 fun exercises that help improve concentration and focus

By Richard X. Zawitz with Mary Beth Spann

Tangle, Inc., 2015. Hardcover. Book Condition: New. Tangle is highly recommended by teachers, parents, professionals as well as advocacy organizations. Teaching with Tangle Brain Tools book instructs how to kinesthetically teach children math, reading, grammar, emotional understanding and much more. Recent technological developments have allowed scientists to learn more about the cognitive systems that govern learning. Research shows that children of all ages and abilities benefit from movement while learning. The sensory and motor stimulation Tangle provides has been found to help stimulate and maintain attention, even improve math and reading comprehension. Tangle® is one of the most highly recommended educational and therapeutic toys worldwide for an incredibly wide range of Special Needs populations including ADHD, autism, trichillomania, anxiety, depression, bipolar, learning disabilities, anorexia, and more. Tangles are used in the field of play therapy to assist children in processing emotions and practicing self-soothing. Recent work in cognitive neuroscience suggests a connection between ADHD and higher creativity. Playing with the infinite movement possibilities of a Tangle's interlocking segments, both children and adults report expanded perception, creativity and problem-solving. Tangle Therapy received 4 stars in cognitive, communicative, sensory, and physical areas from AblePlay, an independent evaluation system developed by National Lekotek...
