Reviews

It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

TEACHING MIDDLE SCHOOL PHYSICAL EDUCATION - 3RD EDITION: A STANDARDS-BASED APPROACH FOR GRADES 5-8

Human Kinetics, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Teaching physical education in middle school can sometimes seem like a never-ending journey, but this new edition will help you plan and map out your voyage and successfully reach your destination. Using Teaching Middle School Physical Education, Third Edition, you can meet the specific needs of middle school students and prepare them for our rapidly changing world while also meeting the latest physical education standards. This comprehensive resource has been updated with many exciting features: -A CD-ROM with examples of task cards, software, and daily lesson plans -Detailed standards-based lesson agendas to help you clearly present the information to your students -Recommended equipment lists and comprehensive information to help you build and implement your program without having to dig through numerous resources -Realigned unit plans to help you document that you are meeting the current national standards -Assessments for every standard in each unit Teaching Middle School Physical Education, Third Edition, provides a blueprint for developing an effective environment and sound curriculum and for teaching and assessing middle school students based on the latest physical education guidelines. Part I examines changes in society, technology, health, and education and how you can use those changes to shape your middle school physical education program. Part II guides you step by step in developing a physical education curriculum from start to finish, including selecting a curriculum committee, defining a physically educated person, and establishing benchmarks in alignment with the exit standards. In this part you'll also learn how to select instructional units, integrate physical education with other subjects, and develop unit and lesson plans. In part III you'll learn about the needs of middle school learners and the corresponding teaching behaviors, instructional styles and strategies, instructional...
