

Distant Thunder: The U.S. Artillery from the Spanish American War to the End of the 20th Century

By Alejandro M. de Quesada

Pen & Sword Books Ltd. Paperback. Book Condition: new. BRAND NEW, Distant Thunder: The U.S. Artillery from the Spanish American War to the End of the 20th Century, Alejandro M. de Quesada, The twentieth century was a time of near total transformation of artillery. The U.S. Army was at the forefront of these developments. American troops fighting the Spanish in Cuba during the Spanish-American War were equipped with the 1885-model field gun; nearly a century later American troops fielded an array of accurate, advanced and precise weapons systems during the Gulf War. This unique pictorial history examines the weapons - from field guns to MLRS and TACMs - and the equipment utilized by American troops along with the uniforms and insignia of U.S. artillerymen. It looks at field artillery, coastal artillery, anti-aircraft and a diverse array of modern missile types and systems. This is a useful guide to a crucial part of America's twentieth-century armed forces and offers valuable insights into the evolving world of modern artillery.
