

The Process of Problem Finding: 149-65 (Classic Reprint) (Paperback)

Filesize: 7.78 MB

Reviews

This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Burnice Cronin)

THE PROCESS OF PROBLEM FINDING: 149-65 (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Process of Problem Finding: 149-65 As a result of research efforts over the past twenty years, a number of extremely effective analytical techniques are currently available for the solution of management problems. Linear programming is used routinely in the specification of optimum cattle feeds and fertilizers. Decision rules based on inventory models form the basis for production and inventory control systems in wide variety of manufacturing companies. Simulation is evolving from a means for doing research on complex managerial problems to a process which can provide useful information to managers on a real-time basis. Like other technological changes, these methods raise a number of social and organizational issues within the organizations which use them, but their net contribution is no longer seriously in doubt. As a result, in most large organizations and in many smaller ones, operating managers either are themselves aware of these methods or have ready access to help and advice in their application if it is required. But the manager s job is not only to solve well-defined problems. He must somehow identify the problems to be solve. He must somehow assess the cost of analysis and its potential return. He must allocate resources to questions before he knows their answers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
