Reviews

It becomes an amazing pdf that I actually have ever go through. This is for those who statte that there had not been a worth reading through. You will like how the author create this pdf.
(Prof. Lonie Roob)

BUSINESS INTELLIGENCE COOKBOOK: A PROJECT LIFECYCLE APPROACH USING ORACLE TECHNOLOGY

Packt Publishing. Paperback. Book Condition: New. Paperback. 368 pages. Dimensions: 9.2in. x 7.5in. x 1.0in.Over 80 quick and advanced recipes that focus on real-world techniques and solutions to manage, design, and build data warehouse and business intelligence projects. Full of illustrations, diagrams, and tips with clear step-by-step instructions and real time examples to perform key steps and functions on your project Practical ways to estimate the effort of a data warehouse solution based on a standard work breakdown structure. Learn to effectively turn the project from development to a live solution Best practices to create a blueprint for the business intelligence solution In Detail Oracle Database 11g is a comprehensive database platform for data warehousing and business intelligence that combines industry-leading scalability and performance, deeply-integrated analytics, and embedded integration and data-quality all in a single platform running on a reliable, low-cost grid infrastructure. This book steps through the lifecycle of building a data warehouse with key tips and techniques along the way. Business Intelligence Cookbook: A Project Lifecycle Approach Using Oracle Technology outlines the key ways to effectively use Oracle technology to deliver your business intelligence solution. This is a practical guide starting with key recipes for project management then moving onto project delivery. Business Intelligence Cookbook: A Project Lifecycle Approach Using Oracle Technology is a practical guide for performing key steps and functions on your project. This book starts with setting the foundation for a highly repeatable efficient project management approach by assessing your current methodology to see how suitable it is for a business intelligence program. We also learn to set up the project delivery phases to consistently estimate the effort for a project. Along the way we learn to create blueprints for the business intelligence solution that help to connect and map out the destination of the...
