EGALITARIAN DISTRIBUTION OF INCOME AND FERTILITY CONTROL

Mittal Publications, New Delhi, 1993. N.A. Book Condition: New. Xvi+300pp The book provides a rich, in-depth and perceptive analysis in quantitative terms of the long-term trends in distribution of income for 80 countries, since 1956. The study revealed that the developing countries can achieve a reduction in fertility with their existing levels of per capita income provided there is redistribution of income in favour of the poor, followed by an improvement in the social conditions such as health, education etc....

Reviews

A brand new eBook with a new standpoint. I have got read through and i also am confident that i will gonna read again once again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
