

Public Health, Ethics, and Equity (Paperback)

By -

Oxford University Press, United Kingdom, 2006. Paperback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.It is widely recognized that health is influenced by a variety of social, economic and environmental factors, and not just by access to health care. The extensive empirical literature on the social determinants of- and inequalities in- health has yet to be matched by an appreciation of the normative underpinnings of health equity. Health equity expresses a commitment of public health to social justice, which raises a series of ethical issues. Why, if at all, should a concern with health equity be singled out from the pursuit of social justice in general? What is the extent of social- as opposed to individual- responsibility for health? What ethical problems arise in evaluating population health and health inequalities? How sensitive should the pursuit of health equity be to contextual considerations in contrast to universal values? In addressing these important questions, this volume examines the foundations of health equity. With contributions from distinguished philosophers, anthropologists, economists, and public-health specialists, it centres on five major themes: what is health equity?; health equity and its relation to social justice; health inequalities and responsibilities...

Reviews

It is one of the most popular publications. We have read through and that I am sure that I will likely study again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be the best PDF for actually.

-- **Mr. Cloyd Schmidt II**

The ideal publication I ever read through. It is written in simple words and never hard to understand. Your daily life span is going to be converted once you fully look over this ebook.
