Pocket Essentials. 1 Paperback(s), 2014. soft. Book Condition: New. The First World War was without parallel the first true global conflict in which all of the earth's great powers participated. This book offers a compact history of this cataclysm, describing the international rivalries and conflicts that led to a build-up of military and naval hardware, making the nations of Europe virtual armed camps. It also profiles the great figures that either tried to prevent conflict or pushed for it, and recounts each year of the war in its own chapter. The book includes analyses of the war on the home front, the entry of the United States into the conflict, and particular outcomes, from the Russian Revolution to the re-division of the world at the Paris Peace Conference. 160.
