## THE UPPER ATMOSPHERE

Book Condition: New. Publisher/Verlag: Springer, Berlin | Data Analysis and Interpretation | Especially due to the increasing environmental problems there is a need to collect as many data as possible in the upper atmosphere. This book serves as a general multidisciplinary guide and introduction for a more effective use of the large amount of now available data from the Earth's atmosphere. It also shows the problems of the use of large amounts of time series data - for basic science...
