Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book will discuss the effects of infectious disease on Napoleon s forces during the Russian campaign of 1812. In short, it will argue that the primary reason Napoleon failed to defeat the Russian army was because his forces were decimated by disease, specifically typhus, dysentery, and diphtheria. It will also demonstrate the affect of disease and illness on Napoleon s judgement and decision making process. This subject, infectious disease and the military, has great implications for military planners in the future. The recent Gulf war and its related Gulf War Illness is just one example. The United States has lost more men to disease during war than any other cause, hence it is critical that today s and tomorrow s military leaders are aware of the dangers. The scope of this book is bounded by the Russian campaign timeframe, but it will concentrate on the march to Moscow; specifically the events that occurred upon entering Polish and Russian territory. Also, there were two major battles fought prior to reaching the gates of Moscow which this work will show were the two decisive points in the campaign. These battles occurred at Smolensk and Borodino, and they illustrate key instances where Napoleon s leadership, judgment and decision making come into question, not only by historians and authors, but by several of Napoleon s own generals. The book will be broken down into three main chapters; chapter one will include the introduction and describe the three main infectious disease threats, and an estimate of the composition of forces that Napoleon started with so as to show the numbers of men killed or incapacitated by disease, and a...
